

HYBRID GAMES

PortalOne develops mobile-first “hybrid games” that combine games and live shows to give users a more engaging games experience, with stunning visuals and interactivity. This convergence of entertainment forms means that our workforce is a mix of people from diverse industries, all working as a single team to create new workflows and pipelines to support production and delivery of next generation gaming entertainment. With founders and colleagues who have pioneered #1 hits in the gaming, film and TV industries around the world, ours is a culture of embracing challenge and breaking through barriers to bring great entertainment to life.

Unreal Engine UI Developer

JOB DESCRIPTION AND RESPONSIBILITIES

As a UI Programmer, you have direct influence over the quality of the game for our flagship product “PortalOne Arcade”; there is a direct link between your work and the user experience. As a dependable member of a small but talented team composed of UI/UX designers, game designers, and developers, you will bring to life the vision of PortalOne by coding the flow and delivery of key features to the player.

Your responsibilities will include:

- Implement new and extend existing UI systems to meet the intent of the game’s design and player experience
- Come up with UI and UX improvements to optimise the experience for mobile users
- Collaborate with designers and artists on layouts
- Resolve UI bugs
- Work closely with the art and development teams to balance performance, visual impact, and usability

SKILLS & REQUIREMENTS

REQUIRED

- 3+ years of professional experience with experience in UI and design
- Unreal Engine 4 development experience, including Blueprints, C++, optimisation and profiling
- Knowledge of 2D image applications (Photoshop etc.)
- Full-working proficiency and fluency in English (ability to discuss work-related tasks verbally and in written form)
- Willingness to respond to and adapt to artistic feedback
- Able to conceptualize, present and execute ideas

PREFERRED

- Recent professional experience in development of mobile applications with client server back-end communication
- Relevant degree/education
- Soft Skills (Professionalism, Communication, Teamwork, Self-Awareness, etc.)

WORKING AT PORTALONE OFFERS YOU:

- Competitive salary
- 25 paid vacation days per year, plus public holidays
- 35 weeks of paid maternity and 10 weeks of paid paternity leave
- Pension program
- Healthcare insurance
- Paid mobile phone subscription
- Paid gym membership

You will be working in an environment that is supportive, team-oriented, and collaborative. Your work will have a direct influence on the development of our products.

In addition to the professional growth opportunities and general benefits, joining the PortalOne team also offers some nice lifestyle perks. Our offices are located in the heart of downtown Oslo, just a few minutes walk from the waterfront and the central train station, granting easy access to all transportation.

We are residents of the [MESH](#) co-working space, so we are part of Scandinavia's most vibrant community of innovative companies. You get arcade machines, ping pong, networking, social activities and a creative atmosphere all in one package.

Oslo itself offers the opportunity to easily combine an urban lifestyle with outdoor pursuits. The full range of European cultural offerings comes with the city, but with the added benefit of numerous summer and winter sporting activities just a subway ride away.
